Questions that one may have on this Policy

Is it my duty to Report?

Everyone is required to report to the Company any suspected violation of any law that applies to the Company and any suspected violation of the Company's Code of Conduct and Values. It is important that you report all suspected violations.

It is the policy of the Company that you must, when you reasonably suspect that a violation of an applicable law or the Company's Code of Conduct and Values has occurred or is occurring, report that potential violation.

Reporting is crucial for early detection, proper investigation and remediation, and deterrence of violations of Company policies or applicable laws. You should not fear any negative consequences for reporting reasonably suspected violations because retaliation for reporting suspected violations is strictly prohibited by Company policy. Failure to report any reasonable belief that a violation has occurred or is occurring is itself a violation of this Policy and such failure will be addressed with appropriate disciplinary action, including possible termination of employment.
Will my identity be kept confidential if I report?

For the purpose of providing protection to the whistle blower/complainant, he/she should try and disclose his/her identity to committee. The committee will ensure that it keeps your identity confidential to the extent possible.

The best way to keep your identity confidential is to follow the approach listed in this policy. All reports under this Policy will be promptly and appropriately investigated, and all information disclosed during the course of the investigation will remain confidential, except as necessary to conduct the investigation and take any remedial action, in accordance with applicable law.

Can I report without revealing my identity?

Revealing your identity while filing your report is encouraged since it enables the committee to reach out to the whistle blower and gather more information should the need arise. It also enables the committee to seek additional support from the whistle blower if need be. This helps in investigating a violation thoroughly, accurately and enables the committee to take action immediately.

However you have the option to report anonymously. In such cases, please ensure that you submit enough data, details and evidence which clearly substantiate the violation that has occurred. Any instance / rumor of violation of code of conduct or policy, etc. that is not accompanied by concrete evidence will not be considered.

Will I be victimized if I report?

To protect the whistle blower/complainant, ABC has a strict policy against retaliation or victimization. No one may take any adverse action against any employee for complaining about, reporting, or participating or assisting in the investigation of, a reasonably suspected violation of any law, this Policy, or the Company’s Code of Conduct and Ethics.

The Company takes reports of such retaliation/victimization seriously. Incidents of retaliation/victimization against any employee reporting a violation or participating in the investigation of a reasonably suspected violation will result in appropriate disciplinary action against anyone responsible, including possible termination of employment.

Those working for or with the Company who engage in retaliation/victimization against whistle blowers /Complainants may also be subject to civil, criminal and administrative penalties.
What all should I cover in my report?

Your report should include as much information about the suspected violation as you can provide. Where possible, it should describe the nature of the suspected violation; the identities of persons involved in the suspected violation; a description of documents that relate to the suspected violation; and the time frame during which the suspected violation occurred.

Will I be contacted by the committee after I complain?

Where you have not reported anonymously, you may be contacted by the committee members for further information.

Procedure for handling a complaint:

1. A whistle blower identifies non-adherence of the ABC Code of Conduct or the Aditya Birla Group’s Code of Conduct by any employee or a segment of the organization, will compile information that supports the case.
2. The whistle blower sends the complaint to the independent reporting mechanism - Ethics Hotline or to the respective Standards Committee, depending on:
   1. The level at which the violation is perceived to be happening, or
   2. The seniority of the individual/s involved.

   If the breach or misdemeanour is at:

3. The Unit Head level (Chief Executive Officer, Unit Head etc) and above, the employee will write to the Group level Value Standards Committee (GVSC)
4. Unit Function Head level, the same will be reported to the respective Business level Value Standards Committee (BWBC)
5. Any other level, the same will be reported to the respective Unit level Value Standards Committee (UWBC)
3. A whistle blower can also send the complaint to the Business Head, Unit Head, Chief Human Resource Officer or Company Secretary.
4. All complaints which are sent directly to the various reporting authorities will necessarily be also reported to the Ethics Hotline. The Ethics hotline will capture all relevant information and send it to relevant Values Standard Committee within 2-3 working days.
5. Upon receipt of information, the secretary of the relevant Values Standard Committee will first do a preliminary investigation to check whether the complaint seems to be genuine and falls under the purview of the whistle blower policy. If the complaint is sent with malicious intent, then the committee will take appropriate disciplinary action against the whistle blower.

6. If the complaint does not fall under the purview of whistle blower policy, then the same would be redirected to the right forum. For eg – If complaint is related to sexual harassment, same will be forwarded to the Complaints Committee and would be dealt as per the process prescribed under the Policy to Prevent Sexual Harassment at the Workplace. If a complaint is related to a personal grievance, e.g. appraisal rating, promotion etc, it will be forwarded to the relevant Head HR of the Unit.

7. Once established that the case needs investigation, the secretary of the relevant Value Standards Committee, in consultation with the committee, shall appoint a team to investigate the case, with utmost confidentiality. The investigative team can be a pool of internal people or can be an external agency specialized in investigating such cases.

8. Under no circumstances, will the secretary, investigation team and the committee reveal / disclose the identity of the “accused” to anyone else (including the immediate manager) – other than all those who are required to know about the case.

9. The committee members to send an interim response to the complainant within 72 hours from the receipt of the complaint.

10. The investigation team should work towards ensuring that the investigation is completed by following the laws of the land and principles of natural justice within 3 weeks of the complaint being reported. If the investigation cannot be completed within 3 weeks, then the committee needs to have very valid and strong reasons for the same.

**Actions by Committee**

If charges are substantiated, or the complaint is found correct on investigation, suitable action will be suggested. The following punitive actions could be taken against employees, where the committee finds the accused guilty:

a. Counselling or Warning letter
b. Withholding of promotion / increments
c. Bar from participating in bonus review cycle
d. Termination
e. Legal suit

The above are only suggestive and the Committee may decide on the actions to be taken on a case to case basis depending on the gravity of the offence.
Note:
If wrongful conduct remains largely unsubstantiated; the committee has the right to close the complaint.
If the case is found to be false and malicious in intent and the whistle blower / complainant has indulged in this knowingly, he/she would be held guilty of misconduct and appropriate action shall be taken. However, the Committee shall distinguish between mistaken reporting and malicious intent of the complainant.

The decision of Whistle Blower Committee will be binding on the parties involved / parties found guilty of the reported mis-conduct.

**Reporting process**

An Annual and Quarterly report will be prepared by the Business Value Standards Committee of which copies will be placed before the Audit Committee of the relevant Group Company and shared with the Organization Effectiveness portfolio at Group Human Resources.
